Estimate

Date	Estimate #
5/4/2026	9474

Name / Address
Tarpon Cove 702 Tarpon Cove Drive Naples, FL 34110

Terms	P.O. #
Good for 30 Days	

Description	Qty	Cost	Total
<p>Customer Request: Please provide an estimate to replace the existing Network Video Recorder (NVR) and Cameras at our Guardhouse with a new Video Surveillance System that is capable of viewing the video remotely. We would like to install IP Mega-Pixel (MP) cameras to capture vehicles using the Tele-Entry, Overall views of the Entry and Exit Gates, Door view and License Plates (LPC) of vehicles entering the Community,.</p> <p>Scope of Work: At the Guardhouse, we will remove and discard the damaged NVR and all existing Cameras. We will furnish and install a Network Video Recorder (NVR) with 8TB of video storage so you can store 30 Days (+/-), depending on the camera configurations. We will install a total of (6) IP Megapixel Cameras; (2) 4MP LPC cameras to capture the license plates of guest and residents entering the property. We will furnish and install (4) 5MP Cameras to capture Overall views of the Entry and Exit lanes, Door view and the Tele Entry. We will use existing cabling to pull new cabling for all (6) Cameras and mount them in the existing locations of the cameras taken down. We will then setup and configure the cameras and views then test the system thoroughly. We will provide Administrator training if necessary</p> <p>Please Note: We will assume to use the existing 120Vac electric for the equipment. If not, additional expenses will apply. We will assume to use the existing cabling to pull new cabling for the equipment. If not, additional expenses may apply. New IQ is assuming to use the existing conduit (at the Gate) running to the existing camera locations. If not, we will have to install new conduit under the roadways. We would contact you immediately to let you know and provide an estimate and resolution. Additional expenses will apply. We will assume to use the existing Modems, Network Switches and Routers for communication to/from the remote gates. Internet Service with a "minimum" of 5MB upload speeds is required for remote viewing of the live and recorded video. Internet services by others. Tariff pricing is included in parts above. Tariff pricing may vary upon approval</p> <p>Warranty Information: Avigilon NVR, Cameras and Encoders Carry a 3 to 5 Year Manufacturers Limited Warranty based on Model. APC UPS Battery Backups Carry a 3 Year Manufacturers Limited Warranty. All parts, labor and installation are warranted by New IQ for a period of 1 Year from installation date.</p>
